

Md. Tanveer Ahmed

B.Sc Engineer (CSE)

I am a technology enthusiast and aspiring computer science grad from Bangladesh. I am also fascinated with AI. Previously I worked with Machine Learning And Deep Learning technology to develop a project named Bangla Licence Plate Detection & Recognition using Artificial Neural Network. I am a problem solver and fast learner, I have participated many programming contests, ICPC - 2019 is a notable one among them. As a computer science & engineering graduate I am seeking the opportunity to work in a fun and challenging working environment that will encourage me to improve myself and learn new and necessary skills as well as I want to apply my skill, talent, creativity, sincerity for the better achievement of the organization.
